## Waltman Construction 6th Grade Student of the Month

Congratulations to BCMS September “Student of the Month” Piper Silbaugh. Piper was nominated by her Language Arts and Social Studies Teacher Mrs. Olson. According to Mrs. Olson, "Piper is VERY school-focused and puts 110% into everything she does, athletics, service projects, etc. She is always asking how she can improve and not just with grades. Piper doesn't just do the work to get the grade, she does it to understand and apply what she has learned. If she is unsure of an assignment, she will always ask for clarification before she proceeds. It is not uncommon to get an evening or weekend email from Piper asking if she is on the right track on an essay, and even modeled her own work (color-coded) after my lesson example, saying it kept her focused and sure she had the right information included. I had Piper in my honors class last year and she has made me proud- from We the People, to Student Council, to projects, group work, and presentations. Although she is a quiet young lady, don't let that fool you!" Piper's picture will be displayed at BCMS during the month of September. A special thanks to **Waltman Construction** for sponsoring the BCMS “Student of the Month”. Piper will be receiving a “Student of the Month” plaque compliments of **Waltman Construction**.
