Waltman Construction 8th Grade Student of the Month

Congratulations to BCMS September “Student of the Month” David Reeves. David was nominated by his Science Teacher Mrs. Austin. According to Mrs. Austin, "David has been very attentive in class and quick to follow directions. While he was waiting for tech to issue him a computer, he brought one from home in hopes of staying on top of his work. During our August 27th remote learning day, he went to the library in order to connect with teachers and complete assignments. I really feel like he is trying to be his best self this year." David’s picture will be displayed at BCMS during the month of September. A special thanks to **Waltman Construction** for sponsoring the BCMS “Student of the Month”. David will be receiving a “Student of the Month” plaque compliments of **Waltman Construction**.
