GETTING STARTED

1) **Login (see other side)**

2) **Under Active Assignments you should see one of your courses**

3) **Select All Activities**

4) **We HIGHLY ENCOURAGE you to review the PLATO student orientation and Syllabus for your course**

5) **Select the circle with the plus sign for the unit you want to work on (likely Unit 1 if you are just getting started)**

6) **Take the PRETEST. This will determine what you already know from that unit. If you "test out" of anything, it will be noted with a star**

7) **Work through each topic by first going through the tutorial and then the mastery test**
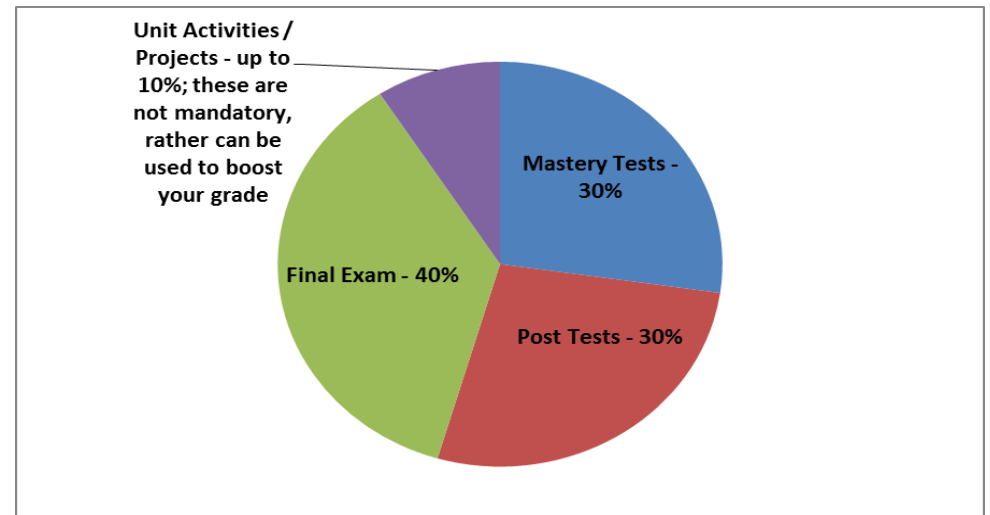

IT'S TEST TIME!

1) **Post tests are** <u>unlocked</u> **for each unit, once you complete them they will lock and you will need to request a reset if your grade is unsatisfactory**

2) **FINAL EXAMS ARE LOCKED—this is the only task students MUST TAKE AT THE HIGH SCHOOL**

3) **The expectation is you will have at least one semester of coursework completed BY THE END OF THE SEMESTER** <u>if you are in ICE or working in a Plato classroom</u>. **Finals will be taken during the scheduled final exam period/dates at the end of the semester. IF YOU COMPLETE A COURSE before normally scheduled exam dates, please let your CLASSROOM PLATO INSTRUCTOR know you are ready to take the final so they can unlock it for you. 0 periods are HIGHLY ENCOURAGED to complete a course within the semester but not required.**
