

# Monroe County Community Schools Adult Education Teacher Assistant Training

Would you like a rewarding career working with students and teachers in the classroom? Maybe being a teacher assistant is for you! MCCSC has plenty of openings, and our adult education program is conducting training in January. We'll go over the academic skills you would help students learn, as well as the occupational and professional skills you need. If you finish with 97% attendance, we'll help you get an interview for an open position with MCCSC.
