Certificate of Insurance For Group Critical Illness Insurance Policy

This limited Plan provides supplemental benefits only. It does not constitute comprehensive health insurance coverage and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

This Plan provides benefits for the Critical Illnesses listed in the Benefit Schedule.

Please read it carefully.

Your Employer (the "Policyholder") applied for coverage under this Group Critical Illness Insurance Policy (the "Plan"). This Plan is issued by Continental American Insurance Company (the "Company," "CAIC," "we," "us," or "our"). For the purposes of this Plan, "you" (including "your" and "yours") refers to you. Based on the Application and the timely payment of premiums, the Company agrees to pay the benefits provided on the following pages. (Please note that male pronouns— such as "he," "him," and "his"—are used for both males and females, unless the context clearly shows otherwise.)

You will notice that certain words and phrases (including some medical terms and the names of Plan documents) in this document are capitalized. The capitalized words refer to terms with very specific definitions as they apply to this insurance Plan.

We certify that you are insured under the Group Critical Illness Policy (the "Plan"). The Plan was issued to the Policyholder. This coverage provides benefits for loss resulting from Critical Illness. The Certificate is subject to the definitions, exclusions, and other provisions of the Plan.

Certain provisions of the Plan are summarized in this Certificate. All provisions of the Plan, whether contained in your Certificate or not, apply to the insurance referred to by the Certificate.

This Certificate, on its Effective Date, automatically replaces any Certificate or Certificates previously issued to you under the Plan.

Continental American Insurance Company (CAIC), a proud member of the Aflac family of insurers, is a wholly-owned subsidiary of Aflac Incorporated and underwrites group coverage.

Endorsement to Policy and Certificate of Insurance

This Endorsement alters the Policy and the Certificate to which it is attached. Unless specifically addressed by this Endorsement, all other Policy and Certificate provisions, definitions, and terms continue to apply.

Continental American Insurance Company's mailing addresses for claims and premium payments are changed as listed below.

Notice of Claim and Proof of Loss should be mailed to the Company at:

P.O. Box 84075, Columbus, Georgia, 31993-9103

Premium Payments should be mailed to the Company at:

P.O. Box 84069, Columbus, Georgia, 31908-4069

If applicable, references to 2801 Devine Street, Columbia, SC 29205 are deleted.

Signed for the Company at its Home Office,

Teresa White, President

J. Matthew Loudermilk, Secretary

Section III	-	Definitions
Section IV	-	Benefit Provisions
Section V	-	Limitations and Exclusions
Section VI	-	Claim Provisions
Section VII	-	General Provisions

Section I – Eligibility, Effective Date, and Termination

Eligibility

You are eligible to be covered under this Plan if you are Actively at Work for your employer and included in the class that is eligible for coverage, as shown on the Master Application.

Dependents of an Employee are eligible for coverage under this Plan. A ***Dependent*** is:

- Your Spouse, **or**
- The Dependent Child of you or your Spouse (details included in the **Definitions** section).

Insured means you or your eligible Dependent, if any, who is covered under the Plan in the following categories:

- **Employee Coverage** – We insure the Employee and any Dependent Children.
- **Employee and Spouse Coverage** – We insure the Employee, Spouse, and any Dependent Children.

We will not insure anyone specifically excluded from coverage by Endorsement to the Certificate or by application, even if that person would otherwise be eligible for coverage.

Details for adding Insureds to your coverage are outlined in the Effective Date section.

Effective Date

Your Certificate Effective Date is shown on the Certificate Schedule.

Your Certificate Effective Date is the date your insurance takes effect. After we receive and approve the Application, that date is either:

- The date shown on the Certificate Schedule if you are Actively at Work on that date, **or**
- The date you return to an Actively-at-Work status if you were not Actively at Work on the date shown on the Certificate Schedule.

The Effective Date for a Spouse or Dependent Child is:

- The date shown on the Certificate Schedule if that Spouse or Dependent Child is not confined to a hospital and is eligible for coverage on that date, **or**
- The date the Spouse or Dependent Child is no longer confined to a hospital (if that Spouse or Dependent Child was confined to a hospital on the Certificate Schedule date) and is eligible for coverage on that date.

A Spouse may be added to the Plan after the Employee's Effective Date. To be added, the Employee must complete an Application to add his Spouse to the Plan. The Company will assign the Effective Date for a Spouse's coverage after approving the application. For Spouse coverage to become effective, the Spouse must be included in the premium payment.

Newborn children will be covered from the moment of birth, adopted children from the earlier of the date of placement for the purpose of adoption or the date of the entry of an order granting the Insured custody of the child for purposes of adoption, and step-children from the date of the Employee's marriage.

A day begins at 12:01 a.m. standard time at the Employee's, Spouse's, or Dependent Child's place of residence.

Plan Termination

The Company has the right to cancel the Plan on any premium due date for the following reasons:

- The premium is not paid before the end of the Grace Period,
- The number of participating Employees is less than the number mutually agreed upon by the Company and the Policyholder in the signed Master Application,
- The Policyholder does not provide timely information or meet any obligations required by this Plan and applicable law, **or**
- The Company cancels the Plan any time after the end of the first policy year. To do this, the Company must give the Policyholder 31 days' written notice.

The Policyholder has the right to cancel the Plan on any premium due date.

- To do this, the Policyholder must give the Company at least 31 days' written notice.
- The Plan will end on the date in the written notice or the date the Company receives the notice, whichever is later.

All outstanding premiums are due upon Plan termination. If the Company accepts premium payments after the Plan terminates, this will not reinstate the Plan; we will refund any excess premium.

The Policyholder has the sole responsibility of notifying Certificateholders in writing of the Plan's termination as soon as reasonably possible. If the Plan terminates, it—and all Certificates and Riders issued under the Plan—will terminate on the specified termination date. The termination occurs as of 12:01 a.m. at the Policyholder's address.

Termination of Your Insurance

Your insurance will terminate on whichever occurs first:

- The date the Company terminates the Plan.
- The 31st day after the premium due date, if the premium has not been paid.
- The date you no longer belong to an eligible class.

Insurance for a covered Spouse or Dependent Child will terminate on the earliest of any of the bullet points listed above, or:

- The premium due date following the date the covered Spouse or Dependent Child no longer qualifies as a Dependent.
- The premium due date following the date we receive your written request to terminate coverage for your Spouse or all Dependent Children.

If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was active.

Portability Privilege

When you are no longer a member of an eligible class and your coverage would otherwise end, you may elect to continue your coverage under this Plan. You may continue the coverage you had on the date your Certificate would otherwise terminate, including any in-force Spouse or Dependent Child coverage.

To keep your coverage in force, you must:

- Notify the Company in writing within 31 days after the date your coverage would otherwise terminate, **and**
- Pay the required premium to the Company no later than 31 days after the date your coverage would otherwise terminate and on each premium due date thereafter.

Ported coverage will end on the earliest of the following dates:

- 31 days after the date you fail to pay any required premium; **or**
- The date the Group Plan is terminated.

If you qualify for this Portability Privilege, then the Company will apply the same Benefits, Plan Provisions, and Premium Rate as shown in your previously issued Certificate.

Section II – Premium Provisions

Premium Payments

Premiums for this Plan should be paid to the Company at its Home Office in Columbia, South Carolina. The first premiums are due on this Plan's Effective Date. After that, premiums are due on the first day of each month that the Plan remains in effect.

Payment of any premium will not keep the Plan in force beyond the due date of the next premium, except as set forth in the Grace Period provision.

Premium Changes

The Plan's first Anniversary Date appears on the Policy Schedule. Subsequent anniversaries will be the same date each following year.

Unless we have agreed in writing not to increase premiums, the premium may change:

- On the Policy Anniversary Date based on renewal underwriting.
- Whenever the terms or conditions of the Plan are modified. The new premium rates will apply only to premiums due on or after the rate change takes effect.

We will provide the Policyholder a 31-day advance written notice of any change to a premium.

Grace Period

This Plan has a 31-day Grace Period. If a premium is not paid on or before its due date, the premium may be paid during the next 31 days. During the Grace Period, the Plan will stay in force, unless the Policyholder has given the Company written notice of its intention to discontinue the Plan. If the Plan is discontinued, the Plan's termination date will be the latest date for which premium has been paid.

Section III – Definitions

When the terms below are used in this Plan, the following definitions apply:

Actively at Work (Active Work) refers to your ability to perform your regular employment duties for a full normal workday. You may perform these activities either at your employer's regular place of business or at a location where you are required to travel to perform the regular duties of your employment.

Acute Coronary Syndrome is an obstruction of the coronary arteries that occurs as a result of Myocardial Infarction with or without ST elevation. This is determined by an electrocardiogram (ECG). Acute Coronary Syndrome includes unstable angina but does not include stable angina.

Arteriosclerosis means a disease of the arteries characterized by plaque deposits on the arteries' inner walls, resulting in their abnormal thickening and loss of elasticity.

Arteriovenous Malformation means a congenital disease of the blood vessels in the brain, brain stem, or spinal cord that is characterized by a complex, tangled web of abnormal arteries and veins and may be connected by one or more fistulas.

Atherosclerosis means a disease in which plaque builds up inside a person's arteries.

Bone Marrow Transplant (Stem Cell Transplant) means a procedure to replace damaged or destroyed bone marrow with healthy bone marrow stem cells. For a benefit to be payable, a Bone Marrow Transplant (Stem Cell Transplant) must be caused by at least one of the following diseases:

- Aplastic anemia
- Congenital neutropenia
- Severe immunodeficiency syndromes
- Sickle cell anemia
- Thalassemia
- Fanconi anemia
- Leukemia
- Lymphoma
- Multiple myeloma

The Bone Marrow Transplant (Stem Cell Transplant) benefit is not payable if the Transplant results from a covered Critical Illness for which a benefit has been paid under this Plan.

Brain Aneurysm is a weak area in the wall of a blood vessel of the brain that causes the blood vessel to bulge, balloon out, or rupture.

Cancer (internal or invasive) is a disease that meets either of the following definitions:

- A malignant tumor characterized by:
 - The uncontrolled growth and spread of malignant cells, **and**
 - The invasion of distant tissue.
- A disease meeting the diagnostic criteria of malignancy, as established by the American Board of Pathology. A Pathologist must have examined and provided a report on the histocytologic architecture or pattern of the tumor, tissue, or specimen.

Cancer (internal or invasive) also includes:

- Melanoma that is Clark's Level III or higher **or** Breslow depth equal to or greater than 0.77mm,
- Myelodysplastic syndrome – RCMD (refractory cytopenia with multilineage dysplasia),
- Myelodysplastic syndrome – RAEB (refractory anemia with excess blasts),
- Myelodysplastic syndrome – RAEB-T (refractory anemia with excess blasts in transformation), **or**
- Myelodysplastic syndrome – CMML (chronic myelomonocytic leukemia).

The following are **not** considered internal or invasive Cancers:

- Pre-malignant tumors or polyps
- Carcinomas in Situ
- Any superficial, non-invasive Skin Cancers including basal cell and squamous cell carcinoma of the skin
- Melanoma in Situ
- Melanoma that is Diagnosed as
 - Clark's Level I or II,
 - Breslow depth less than 0.77mm, **or**
 - Stage 1A melanomas under TNM Staging

Carcinoma in Situ is Non-Invasive Cancer that is in the natural or normal place, confined to the site of origin without having invaded neighboring tissue.

Melanoma in Situ means melanoma cells that occur only on the outer layer of the skin (the epidermis), where there is no invasion of the deeper layer (the dermis).

Non-Invasive Cancer is a Cancer that is in the natural or normal place, confined to the site of origin without having invaded neighboring tissue.

For the purposes of this Plan, a Non-Invasive Cancer is:

- Internal Carcinoma in Situ
- Myelodysplastic Syndrome – RA (refractory anemia)
- Myelodysplastic Syndrome – RARS (refractory anemia with ring sideroblasts)

Skin Cancer, as defined in this Plan, is not payable under the Non-Invasive Cancer benefit.

Skin Cancer is a Cancer that forms in the tissues of the skin.

The following are considered Skin Cancers:

- Basal cell carcinoma
- Squamous cell carcinoma of the skin
- Melanoma in Situ
- Melanoma that is Diagnosed as
 - Clark's Level I or II,
 - Breslow depth less than 0.77mm, **or**
 - Stage 1A melanomas under TNM Staging

These conditions are not payable under the Cancer (internal or invasive) benefit.

Cancer, Non-Invasive Cancer, or Skin Cancer must be Diagnosed in one of two ways:

1. **Pathological Diagnosis** is a Diagnosis based on a microscopic study of fixed tissue or preparations from the hemic (blood) system. This Diagnosis must be made by a certified Pathologist and conform to the American Board of Pathology standards.
2. **Clinical Diagnosis** is based only on the study of symptoms. The Company will accept a Clinical Diagnosis only if:
 - A Doctor cannot make a Pathological Diagnosis because it is medically inappropriate or life-threatening,
 - Medical evidence exists to support the Diagnosis, **and**
 - A Doctor is treating the Insured for Cancer or Carcinoma in Situ.

Cardiomyopathy means a disease with measurable deterioration of the function of the myocardium, and is typically characterized by breathlessness and swelling of the legs.

Chronic Kidney Disease means a disease characterized by the gradual loss in renal function over time due to diabetes mellitus, Hypertension, glomerulonephritis, polycystic kidney disease, autoimmune disease, or genetic disease.

Claimant means a person who is authorized to make a claim under the Certificate.

Complete Remission is defined as having no Symptoms and no Signs that can be identified to indicate the presence of Cancer.

Coronary Artery Bypass Surgery means open heart surgery to correct the narrowing or blockage of one or more coronary arteries with bypass grafts and where such narrowing or blockage is attributed to Coronary Artery Disease or Acute Coronary Syndrome. This excludes any non-surgical procedure, such as, but not limited to, balloon angioplasty, laser relief, or stents.

Coronary Artery Disease occurs when the coronary arteries become damaged due to acute coronary occlusion, coronary atherosclerosis, aneurysm and/or dissection of the coronary arteries, or coronary atherosclerosis due to lipid rich plaque.

Critical Illness is a disease or a sickness as defined in the Plan that first manifests while your coverage is in force.

Any loss due to Critical Illness must begin while your coverage is in force. Critical Illness includes only the following, provided such Critical Illness meets all applicable definitions contained in the Plan and, where indicated, is caused by an underlying condition:

- Bone Marrow Transplant (Stem Cell Transplant)
- Cancer
- Coronary Artery Bypass Surgery
- Heart Attack (Myocardial Infarction)
- Kidney Failure (End-Stage Renal Failure)
- Major Organ Transplant
- Non-Invasive Cancer
- Stroke
- Sudden Cardiac Arrest

Date of Diagnosis is defined as follows:

- **Bone Marrow Transplant (Stem Cell Transplant):** The date the surgery occurs.
- **Cancer:** The day tissue specimens, blood samples, or titer(s) are taken (Diagnosis of Cancer and/or Carcinoma in Situ is based on such specimens).
- **Coronary Artery Bypass Surgery:** The date the surgery occurs.

- **Heart Attack (Myocardial Infarction):** The date the infarction (death) of a portion of the heart muscle occurs. This is based on the criteria listed under the Heart Attack (Myocardial Infarction) definition.
- **Kidney Failure (End-Stage Renal Failure):** The date a Doctor recommends that an Insured begin renal dialysis.
- **Major Organ Transplant:** The date the surgery occurs.
- **Non-Invasive Cancer:** The day tissue specimens, blood samples, or titer(s) are taken (Diagnosis of Cancer and/or Carcinoma in Situ is based on such specimens).
- **Skin Cancer:** The date the skin biopsy samples are taken for microscopic examination.
- **Stroke:** The date the Stroke occurs (based on documented neurological deficits and neuroimaging studies).
- **Sudden Cardiac Arrest:** The date the pumping action of the heart fails (based on the Sudden Cardiac Arrest definition).

Dependent means your Spouse or your Dependent Child. **Spouse** is your legal wife or husband who is listed on your Application. **Dependent Children** are your or your Spouse's natural children, step-children, legally adopted children, Children Placed for Adoption, or children subject to legal guardianship, who are younger than age 26.

Children Placed for Adoption are Children for whom you have entered a decree of adoption or for whom you have initiated adoption proceedings. A decree of adoption must be entered within one year from the date proceedings were initiated, unless extended by order of the court. You must continue to have custody pursuant to the decree of the court.

There is an exception to the age-26 limit listed above. This limit will not apply to any Dependent Child who is incapable of self-sustaining employment due to mental or physical handicap and is dependent on a parent for support. The Employee or the Employee's Spouse must furnish proof of this incapacity and dependency to the Company within 120 days following the Dependent Child's 26th birthday.

Diagnosis (Diagnosed) refers to the definitive and certain identification of an illness or disease that:

- Is made by a Doctor and
- Is based on clinical or laboratory investigations, as supported by your medical records.

The illness must meet the requirements outlined in this Plan for the particular Critical Illness being Diagnosed.

Diagnosis must be made and Treatment must be received in the United States or its territories.

Doctor is a person who is:

- Legally qualified to practice medicine,
- Licensed as a Doctor by the state where Treatment is received, **and**
- Licensed to treat the type of condition for which a claim is made.

A Doctor does not include you or any of your Family Members.

For the purposes of this definition, **Family Member** includes your Spouse as well as the following members of your immediate family:

- | | | |
|------------|----------|-----------|
| • Son | • Mother | • Sister |
| • Daughter | • Father | • Brother |

This includes step-Family Members and Family-Members-in-law.

Employee is a person who meets eligibility requirements under **Section I – Eligibility, Effective Date, and Termination**, and who is covered under this Plan. The Employee is the primary Insured under this Plan.

Heart Attack (Myocardial Infarction) is the death of a portion of the heart muscle (myocardium) caused by a blockage of one or more coronary arteries due to Coronary Artery Disease or Acute Coronary Syndrome.

Heart Attack (Myocardial Infarction) does not include:

- Any other disease or injury involving the cardiovascular system.
- Cardiac Arrest not caused by a Heart Attack (Myocardial Infarction).

Diagnosis of a Heart Attack (Myocardial Infarction) must include the following:

- New and serial electrocardiographic (ECG) findings consistent with Heart Attack (Myocardial Infarction), **and**
- Elevation of cardiac enzymes above generally accepted laboratory levels of normal. (In the case of creatine phosphokinase (CPK) a CPK-MB measurement must be used.)

Confirmatory imaging studies, such as thallium scans, MUGA scans, or stress echocardiograms may also be used.

Hypertension means a disease that is characterized by elevated blood pressure in the arteries with a systolic reading of at least 140 mmHg and a diastolic reading of at least 90 mmHg.

Kidney Failure (End-Stage Renal Failure) means end-stage renal failure caused by End-Stage Renal Disease, which results in the chronic, irreversible failure of both kidneys to function.

Kidney Failure (End-Stage Renal Failure) is covered only under the following conditions:

- A Doctor advises that regular renal dialysis, hemo-dialysis, or peritoneal dialysis (at least weekly) is necessary to treat the Kidney Failure (End-Stage Renal Failure); **or**
- The Kidney Failure (End-Stage Renal Failure) results in kidney transplantation.

Maintenance Drug Therapy is a course of systemic medication given to a patient after a Cancer goes into Complete Remission because of primary Treatment. Maintenance Drug Therapy includes ongoing hormonal therapy, immunotherapy, or chemo-prevention therapy. Maintenance Drug Therapy is meant to decrease the risk of Cancer recurrence; it is not meant to treat a Cancer that is still present.

Major Organ Transplant means undergoing surgery as a recipient of a covered transplant of a human heart, lung, liver, kidney, or pancreas. A transplant must be caused by one or more of the following diseases:

- Bronchiectasis, which is a lung disease state defined by localized, irreversible dilation of the bronchial tree caused by destruction of the muscle and elastic tissue.
- Cardiomyopathy, which is a heart disease characterized by the measurable deterioration of the function of the heart muscle, where the heart muscle becomes enlarged, thick, or rigid.
- Cirrhosis, which is a liver disease characterized by replacement of liver tissue by fibrosis, scar tissue, and regenerative nodules, leading to loss of liver function.
- Chronic obstructive pulmonary disease, which is a lung disease characterized by persistently poor airflow as a result of breakdown of lung tissue and dysfunction of the small airways.
- Congenital Heart Disease, which is heart disease characterized by abnormalities in cardiovascular structures that occur before birth.
- Coronary Artery Disease
- Cystic fibrosis, which is a hereditary disease of the exocrine glands affecting the pancreas, respiratory system, and sweat glands. It is characterized by the production of abnormally viscous mucus by the affected glands.
- Hepatitis, which is a disease caused by the hepatitis A, B, or C virus and is characterized by the inflammation of the liver.
- Interstitial lung disease, which is a lung disease that affects the interstitium of the lungs.
- Lymphangioleiomyomatosis, which is a lung disease characterized by an indolent, progressive growth of smooth muscles cells throughout the lungs, pulmonary blood vessels, lymphatics, and pleurae.
- Polycystic liver disease, which is characterized by multiple variable-sized cysts lined by cuboidal epithelium.
- Pulmonary fibrosis, which is a lung disease where the lung tissue becomes thickened, stiff, and scarred due to chronic inflammation.
- Pulmonary hypertension, which is a disease characterized by increased pressure in the pulmonary artery and results in the thickening of the pulmonary arteries and the narrowing of these blood vessels, which causes the right side of the heart to become enlarged.
- Sarcoidosis, which is a disease characterized by the growth of granulomatous lesions that appear in the body.

- Valvular heart disease, which is a disease of the heart valves.

A Major Organ Transplant benefit is not payable if the Major Organ Transplant results from a covered Critical Illness for which a benefit has been paid.

Malignant Hypertension is blood pressure that is so high that it actually causes damage to organs, particularly in the nervous system, the cardiovascular system, and/or the kidneys. One type of such damage is called papilledema, a condition in which the optic nerve leading to the eye becomes dangerously swollen, threatening vision.

Pathologist is a Doctor who is licensed:

- To practice medicine, **and**
- By the American Board of Pathology to practice pathologic anatomy.

A Pathologist also includes an Osteopathic Pathologist who is certified by the Osteopathic Board of Pathology.

Signs and/or Symptoms are the evidence of disease or physical disturbance observed by a Doctor or other medical professional. The Doctor (or other medical professional) must observe these Signs while acting within the scope of his license.

Stroke means apoplexy due to rupture or acute occlusion of a cerebral artery. The apoplexy must cause complete or partial loss of function involving the motion or sensation of a part of the body and must last more than 24 hours. Stroke must be either:

- **Ischemic:** Due to advanced Arteriosclerosis or Arteriosclerosis of the arteries of the neck or brain, or vascular embolism, **or**
- **Hemorrhagic:** Due to uncontrolled Hypertension, Malignant Hypertension, Brain Aneurysm, or Arteriovenous Malformation.

The Stroke must be positively Diagnosed by a Doctor based upon documented neurological deficits and confirmatory neuroimaging studies.

Stroke does not include:

- Transient Ischemic Attacks (TIAs)
- Head injury
- Chronic cerebrovascular insufficiency
- Reversible ischemic neurological deficits unless brain tissue damage is confirmed by neurological imaging

Stroke will be covered only if the Insured submits evidence of the neurological damage by providing:

- Computed Axial Tomography (CAT scan) images, **or**
- Magnetic Resonance Imaging (MRI).

Sudden Cardiac Arrest is the sudden, unexpected loss of heart function in which the heart, abruptly and without warning, stops working as a result of an internal electrical system heart malfunction due to Coronary Artery Disease, Cardiomyopathy, or Hypertension.

Sudden Cardiac Arrest is not a Heart Attack (Myocardial Infarction). A Sudden Cardiac Arrest benefit is not payable if the Sudden Cardiac Arrest is caused by or contributed to by a Heart Attack (Myocardial Infarction).

Treatment or **Medical Treatment** is the consultation, care, or services provided by a Doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines.

Treatment-Free From Cancer refers to the period of time without the consultation, care, or services provided by a Doctor. This includes receiving diagnostic measures and taking prescribed drugs and medicines. Treatment does not include Maintenance Drug Therapy or routine follow-up visits to verify whether Cancer or Carcinoma in Situ has returned.

Section IV – Benefit Provisions

The benefit amounts payable under this section are shown in the Benefit Schedule. The Company will pay benefits for a Critical Illness in the order the events occur.

Critical Illness Benefit

Initial Diagnosis

We will pay the Critical Illness benefit when an Insured is Diagnosed with one of the Critical Illnesses shown in the Certificate Schedule, and when such Diagnosis is caused by or solely attributed to an underlying disease as identified herein. We will pay this benefit if:

- The Date of Diagnosis is while his coverage is in force, **and**
- The Certificate does not exclude the illness or condition by name or by specific description.

If an Initial Diagnosis claim is for a Diagnosis of Cancer, the Insured:

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; **and**
- Must be in Complete Remission prior to the date of a subsequent Diagnosis as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

Benefits will be based on the Face Amount in effect on the Critical Illness Date of Diagnosis.

Additional Diagnosis

Once benefits have been paid for a Critical Illness, the Company will pay benefits for each different Critical Illness when:

- The Date of Diagnosis for the new Critical Illness is separated from the prior, different Critical Illness by at least six consecutive months, **and**
- The new Critical Illness is not caused or contributed to by a Critical Illness for which benefits have been paid.

If an Additional Diagnosis claim is for a Diagnosis of Cancer, the Insured:

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; **and**
- Must be in Complete Remission prior to the date of a subsequent Diagnosis as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

Reoccurrence

Once benefits have been paid for a Critical Illness, benefits are payable for that same Critical Illness when:

- The Date of Diagnosis for the Reoccurrence of that Critical Illness is separated from the prior occurrence of that Critical Illness by at least 6 consecutive months, **and**
- The Critical Illness is not caused or contributed to by a Critical Illness for which benefits have been paid.

If a Reoccurrence claim is for a Diagnosis of Cancer, the Insured:

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; **and**
- Must be in Complete Remission prior to the date of a subsequent Diagnosis as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

Partial Benefits

Partial Benefits are payable if the Date of Diagnosis is while the Insured's coverage is in force, and the Certificate does not exclude the illness or condition by name or by specific description.

Non-Invasive Cancer

We will pay the amount shown in the Certificate Schedule for the Diagnosis of a Non-Invasive Cancer. This benefit is payable in addition to all other applicable benefits.

Coronary Artery Bypass Surgery

We will pay the amount shown in the Certificate Schedule for Coronary Artery Bypass Surgery. This benefit is payable in addition to all other applicable benefits.

Additional Benefits

Additional Benefits are payable if the Date of Diagnosis is while the Insured's coverage is in force, and the Certificate does not exclude the illness or condition by name or by specific description.

Skin Cancer Benefit

We will pay the amount shown in the Certificate Schedule for the Diagnosis of Skin Cancer. This benefit is payable once per calendar year.

Health Screening Benefit

We will pay the amount shown in the Policy Schedule for Health Screening Tests performed while an Insured's coverage is in force. This benefit is payable once per calendar year, per Insured. Benefits are not payable for Covered Dependent Children.

This benefit is only payable for Health Screening Tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations.

Health Screening Tests include, but are not limited to, the following:

- | | | |
|--|--|--|
| • Blood test for triglycerides | • Colonoscopy | determine level of HDL and LDL |
| • Bone marrow testing | • DNA stool analysis | |
| • Breast ultrasound | • Fasting blood glucose test | • Serum protein electrophoresis (blood test for myeloma) |
| • CA 15-3 (blood test for breast cancer) | • Flexible sigmoidoscopy | • Spiral CT screening for lung cancer |
| • CA 125 (blood test for ovarian cancer) | • Hemocult stool analysis | • Stress test on a bicycle or treadmill |
| • CEA (blood test for colon cancer) | • Mammography | • Thermography |
| • Chest X-ray | • Pap smear | |
| | • PSA (blood test for prostate cancer) | |
| | • Serum cholesterol test to | |

Waiver of Premium Benefit

If you become Totally Disabled as defined in this Plan due to a covered Critical Illness, we will waive premiums for you and any currently covered Dependents (this includes any Riders that are in force).

Total Disability or **Totally Disabled** means you are:

- Not working at any job for pay or benefits,
- Under the care of a Doctor for the Treatment of a covered Critical Illness, **and**
- **Unable to Work**, which means either:
 - During the first 365 days of Total Disability, you are unable to work at the occupation you were performing when your Total Disability began; **or**
 - After the first 365 days of Total Disability, you are unable to work at any gainful occupation for which you are suited by education, training, or experience.

After 90 days of Total Disability, all Plan premiums will be waived if:

- Your Total Disability began before your age of 65;
- Your Total Disability has continued without interruption for at least 90 days, during which time you and/or the Policyholder have paid premiums; **and**
- You provide proof of Total Disability as required by us. Satisfactory Proof of Loss for Total Disability must be provided at least once every 12 months.

Pending our approval of a claim for the Waiver of Premium Benefit, premiums should be paid as they are due. Premiums that were paid for the first 90 days of Total Disability will be refunded after your claim for this benefit is approved.

Waiver of Premium will continue until the earliest of the following:

- The premium due date following your 65th birthday,
- The date the Company has waived premiums for a total of 24 months of Total Disability,
- The date you refuse to provide proof of continuing Total Disability,
- The date your Total Disability ends, **or**
- The date coverage ends according to the Termination provisions in **Section I – Eligibility, Effective Date, and Termination**.

If you are still eligible for coverage when you return to Active Work, coverage for any Insured may be continued if premium payments are resumed.

Section V – Limitations and Exclusions

Cancer Diagnosis Limitation

Benefits are payable for Cancer and/or Non-Invasive Cancer as long as the Insured:

- Is Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; and
- Is in Complete Remission prior to the date of a subsequent Diagnosis, as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

Exclusions

We will not pay for loss due to any of the following:

- **Self-Inflicted Injuries** – injuring or attempting to injure oneself intentionally or taking action that causes oneself to become injured
- **Suicide** – committing or attempting to commit suicide, while sane or insane
- **Illegal Acts** – participating or attempting to participate in an illegal activity, or working at an illegal job
- **Participation in Aggressive Conflict** of any kind, including:
 - War (declared or undeclared) or military conflicts
 - Insurrection or riot
 - Civil commotion or civil state of belligerence
- **Illegal substance abuse, which includes the following:**
 - Abuse of legally-obtained prescription medication
 - Illegal use of non-prescription drugs

Section VI – Claim Provisions

Notice of Claim

Written notice of claim must be given to us:

- Within 60 days after the Date of Diagnosis, **or**
- As soon as reasonably possible.

When we receive written Notice of Claim, we will send a claim form. If the Claimant does not receive the claim form within 15 days after the notice is sent, written Proof of Loss can be sent to us without waiting for the form. Notice must include your name and Certificate number. Notice can be mailed to the Company at:

P.O. Box 427, Columbia, South Carolina, 29202

Proof of Loss

Proof of Loss refers to documentation that supports a claim. (This information is often found in standardized medical documents, such as hospital bills and operative reports. It includes a statement by the treating Doctor.) Proof of Loss establishes the nature and extent of the loss, the Company's obligation to pay the claim, and the Claimant's right to receive payment.

The Claimant must provide Proof of Loss to the Company at:

P.O. Box 427, Columbia, South Carolina, 29202

Proof of Loss must be given to us within 90 days of the Date of Diagnosis. Failure to give Proof of Loss within such time shall not invalidate or reduce any claim if such Proof of Loss is given as soon as reasonably possible. The Company will not accept Proof of Loss any later than one year and three months after the Date of Diagnosis, except in the absence of your legal mental capacity.

The Claimant will be responsible for the cost of obtaining a completed claim form. We may request additional Proof of Loss, such as records from hospitals or Doctors. We will be responsible for the cost of obtaining these records.

We may require authorizations to obtain medical and psychiatric information as well as non-medical information, including personal financial information.

When we receive the claim and due Proof of Loss, we will review the Proof of Loss. If we approve the claim, we will pay the benefits subject to the terms of the Certificate.

Physical Examination and Autopsy

The Company may have an Insured examined as often as reasonably necessary while a claim is pending. In the case of death, the Company may also require an autopsy, unless prohibited by law. The Company will cover all costs for exams or autopsy.

Time of Payment of Claims

Benefits payable under the Certificate will be paid after we receive due Proof of Loss acceptable to us. We will pay, deny, or settle all clean claims* within 30 calendar days after receiving the appropriate information.

*Clean claims contain all information and/or documentation needed for processing. These claims do not require further information from the provider, you, or your employer.

Payment of Claims

We will pay all benefits to you unless otherwise assigned. For any benefits that remain unpaid at the time of death, we will pay those benefits in the following order:

- To any approved assignee,
- To your beneficiary,
- To your surviving Spouse,
- To your estate.

Unpaid Premium

When a claim is paid, we may deduct any premium due and unpaid from the claim payment.

Changing of Beneficiary

A change in beneficiary must be submitted in writing to our Home Office in a form acceptable to us and signed by you. Unless otherwise specified by you, a change in beneficiary will take effect on the date the notice of change is signed. We will not be liable for any action taken before notice is received and recorded at the Home Office.

Claim Review

If a claim is denied, you will be given written notice of:

- The reason for the denial,
- The Plan provision that supports the denial, **and**
- His right to ask for a review of the claim.

Appeals Procedure

Before filing any lawsuit—and no later than 60 days after notice of denial of a claim—you, the Claimant, or an authorized representative of either must appeal any denial of benefits under the Plan by sending a written request for review of the denial to our Home Office.

Legal Action

You cannot take legal action against us for benefits under this Plan:

- Within 60 days after he has sent us written Proof of Loss, **or**
- More than three years from the time written proof is required to be given.

Section VII – General Provisions

Entire Contract Changes

Your insurance is provided under a contract of Group Critical Illness insurance with the Policyholder. The entire Contract of Insurance is made up of:

- The Policy;
- The Certificate of insurance;
- The Application of the Policyholder, a copy of which is attached to and made part of the Policy when issued; **and**
- Any Riders, Endorsements, or Amendments to the Policy or Certificate.

All statements (excluding fraudulent ones) that the Policyholder or an Insured has made in the Application will be considered representations, not warranties. The Company will not void insurance or reduce benefits as a result of statements made on the Application without sending Application copies.

Changes to this Plan:

- Will not be valid unless approved in writing by an officer of the Company,
- Must be noted on or attached to the Contract, **and**
- May not be made by any insurance agent (nor can an agent waive any Plan provisions).

Misstatement of Age

If an age has been misstated on the Application, the benefits will be those that the paid premium would have purchased at the correct age.

Successor Insured

If you die while covered under this Certificate and your Spouse is also insured under this Plan at the time of your death, then your surviving Spouse may elect to become the primary Insured at the current Spouse Face Amount. This would include continuation of any Dependent Child coverage that is in force at that time.

To become the primary Insured and keep coverage in force, your surviving Spouse must:

- Notify the Company in writing within 31 days after the date of your death; **and**
- Pay the required premium to the Company no later than 31 days after the date of your death, and on each premium due date thereafter.

If the Certificate does not cover a surviving Spouse, the Certificate will terminate on the next premium due date following your death.

Time Limit on Certain Defenses

After two years from your Effective Date of coverage, the Company may not void coverage or deny a claim for any loss because of misstatements made on your Application. This does not apply to fraudulent misstatements.

Clerical Error

Clerical error by the Policyholder will not end coverage or continue terminated coverage. In the event of a clerical error, the Company will make a premium adjustment.

Individual Certificates

The Company will give the Policyholder a Certificate for each Employee. The Certificate will set forth:

- The coverage,
- To whom benefits will be paid, **and**
- The rights and privileges under the Plan.

Required Information

The Policyholder will be responsible for furnishing all information and proofs that the Company may reasonably require with regard to the Plan.

Conformity with State Statutes

This Plan was issued on its Effective Date in the state noted on the Master Application. Any Plan provision that conflicts with that state's statutes is amended to conform to the minimum requirements of those statutes.

CONTINENTAL AMERICAN INSURANCE COMPANY

Columbia, South Carolina

Amendment to Policy and Certificate of Insurance for Group Critical Illness

This Amendment alters the Policy and the Certificate to which it is attached. Unless specifically addressed by this Amendment, all other Policy and Certificate provisions, definitions, and other terms apply.

Effective Date

This Amendment becomes effective on the Effective Date of the form to which it is attached.

The Plan Termination provision is deleted and replaced with the following:

Plan Termination

The Company has the right to cancel the Plan on any premium due date for the following reasons:

- The premium is not paid before the end of the Grace Period,
- The number of participating Employees is less than the number mutually agreed upon by the Company and the Policyholder in the signed Master Application,
- The Policyholder does not provide timely information or meet any obligations required by this Plan and applicable law, or
- The Company cancels the Plan any time after the end of the first policy year. To do this, the Company must give the Policyholder 31 days' written notice.

The Policyholder has the right to cancel the Plan on any premium due date.

- To do this, the Policyholder must give the Company at least 31 days' written notice.
- The Plan will end on the date in the written notice or the date the Company receives the notice, whichever is later.

All outstanding premiums are due upon Plan termination. If the Company receives premium payments after the Plan terminates, this will not reinstate the Plan.

The Policyholder has the sole responsibility of notifying Certificateholders in writing of the Plan's termination as soon as reasonably possible. If the Plan terminates, it—and all Certificates and Riders issued under the Plan—will terminate on the specified termination date. The termination occurs as of 12:01 a.m. at the Policyholder's address.

The Portability Privilege provision is deleted and replaced with the following:

Portability Privilege

When you are no longer a member of an eligible class and your coverage would otherwise end, you may elect to continue your coverage under this Plan. You may continue the coverage you had on the date your

Certificate would otherwise terminate, including any in-force Spouse or Dependent Child coverage, without any additional underwriting requirements.

To keep your coverage in force, you must:

- Notify the Company in writing within 31 days after the date your coverage would otherwise terminate. You may notify us by sending written notice to P.O. Box 427, Columbia, South Carolina, 29202 or by calling the Customer Service number at 800.433.3036, and
- Pay the required premium directly to the Company no later than 31 days after the date your coverage would otherwise terminate and on each premium due date thereafter.

Ported coverage will end on the earliest of the following dates:

- 31 days after the premium due date (the last day of the Grace Period), if the premium has not been paid, or
- The date the Group Plan is terminated.

If you qualify for this Portability Privilege, then the Company will apply the same Benefits, Premium Rate, and Plan Provisions as shown in your previously-issued Certificate. Notification of any changes in the Plan will be provided directly by the Company.

The Additional Diagnosis provision is deleted and replaced with the following:

Additional Diagnosis

Once benefits have been paid for a Critical Illness, the Company will pay benefits for each different Critical Illness when the Date of Diagnosis for the new Critical Illness is separated from the prior, different Critical Illness by at least six consecutive months.

If an Additional Diagnosis claim is for a Diagnosis of Cancer, the Insured:

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; and
- Must be in Complete Remission prior to the date of a subsequent Diagnosis as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

The Reoccurrence provision is deleted and replaced with the following:

Reoccurrence

Once benefits have been paid for a Critical Illness, benefits are payable for that same Critical Illness when the Date of Diagnosis for the Reoccurrence of that Critical Illness is separated from the prior occurrence of that Critical Illness by at least six consecutive months.

If a Reoccurrence claim is for a Diagnosis of Cancer, the Insured:

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; and
- Must be in Complete Remission prior to the date of a subsequent Diagnosis as evidenced by the absence of all clinical, radiological, biological, and biochemical proof of the presence of the Cancer.

The Health Screening Benefit is deleted and replaced with the following:

Health Screening Benefit

We will pay the amount shown in the Policy Schedule for Health Screening Tests performed while an Insured's coverage is in force. This benefit is payable once per calendar year, per Insured. Benefits are not payable for Covered Dependent Children.

This benefit is only payable for Health Screening Tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations.

Health Screening Tests include, but are not limited to, the following:

- Blood test for triglycerides
- Bone marrow testing
- Breast ultrasound
- CA 15-3 (blood test for breast cancer)
- CA 125 (blood test for ovarian cancer)
- CEA (blood test for colon cancer)
- Chest X-ray
- Colonoscopy
- DNA stool analysis
- Fasting blood glucose test
- Flexible sigmoidoscopy
- Hemocult stool analysis
- Mammography
- Pap smear
- PSA (blood test for prostate cancer)
- Serum cholesterol test to determine level of HDL and LDL
- Serum protein electrophoresis (blood test for myeloma)
- Spiral CT screening for lung cancer
- Stress test on a bicycle or treadmill
- Thermography
- HIV test performed via nucleic acid test (NAT)
- HPV test performed via Pap smear

The Individual Certificates provision is deleted and replaced with the following:

The Company will make available to the Policyholder a Certificate for Employees. The Certificate will set forth:

- The coverage,
- To whom benefits will be paid, and
- The rights and privileges under the Plan.

General Provisions

This Amendment is part of the Policy and Certificate and will terminate when that Policy or Certificate terminates, or when premiums are no longer paid for this Amendment.

This Amendment is subject to all of the terms of the Group Critical Illness Policy and Certificate to which it is attached unless any such items are inconsistent with the terms of this Amendment.

Amendment to Policy and Certificate of Insurance for Group Critical Illness

This Amendment is subject to all of the provisions of the Policy and Certificate to which it is attached. Additions or changes have been made to the Policy and Certificate and are indicated below.

EFFECTIVE DATE

If issued at the same time as the Certificate, this Amendment becomes effective at the same time as the Certificate. If issued after the Certificate, this Amendment will have a later Effective Date.

The definition of Dependent is deleted and replaced with the following:

Dependent means your Spouse or your Dependent Child. **Spouse** is your legal wife or husband, including a legally-recognized same-sex Spouse, or a person of either gender who is in a legally recognized and registered domestic partnership, civil union, reciprocal beneficiary relationship, or similar relationship with you, who is listed on your Application. **Dependent Children** are your or your Spouse's natural children, step-children, foster children, children subject to legal guardianship, legally adopted children, or Children Placed for Adoption, who are younger than age 26. However, we will continue coverage for Dependent Children insured under the Plan after the age of 26 if they are incapable of self-sustaining employment due to mental or physical handicap, and are chiefly dependent on a parent for support and maintenance. You or your Spouse must furnish proof of this incapacity and dependency to the Company within 120 days following the Dependent Child's 26th birthday.

The insurance on any Dependent Child will terminate on the last day of the month in which the Dependent Child turns age 26; it is your responsibility to notify us in writing when coverage on a Dependent Child terminates. Termination will be without prejudice to any claim originating prior to the date of termination. Our acceptance of any applicable premium after such date will be considered as premium for only the remaining persons who qualify as Insureds under this Plan. When coverage on all Dependent Children terminates, you must notify the Company, in writing, and elect whether to continue this Plan on an Employee or Employee and Spouse Coverage basis. After such notice, we will arrange for the payment of the appropriate premium due, including returning any unearned premium, if applicable.

Children Placed for Adoption are Children for whom you have entered a decree of adoption or for whom you have initiated adoption proceedings. A decree of adoption must be entered within one year from the date proceedings were initiated, unless extended by order of the court. You must continue to have custody pursuant to the decree of the court. Adopted children will be covered from the earlier of the date of placement for the purpose of adoption or the date of the entry of an order granting the Insured custody of the child for purposes of adoption.

The definition of Major Organ Transplant is deleted and replaced with the following:

Major Organ Transplant means undergoing surgery as a recipient of a covered transplant of a human heart, lung, liver, kidney, or pancreas. A transplant must be caused by one or more of the following diseases:

- Bronchiectasis, which is a lung disease state defined by localized, irreversible dilation of the bronchial tree caused by destruction of the muscle and elastic tissue.
- Cardiomyopathy, which is a heart disease characterized by the measurable deterioration of the function of the heart muscle, where the heart muscle becomes enlarged, thick, or rigid.
- Cirrhosis, which is a liver disease characterized by replacement of liver tissue by fibrosis, scar tissue, and regenerative nodules, leading to loss of liver function.

- Chronic obstructive pulmonary disease, which is a lung disease characterized by persistently poor airflow as a result of breakdown of lung tissue and dysfunction of the small airways.
- Congenital Heart Disease, which is heart disease characterized by abnormalities in cardiovascular structures that occur before birth.
- Coronary Artery Disease
- Cystic fibrosis, which is a hereditary disease of the exocrine glands affecting the pancreas, respiratory system, and sweat glands. It is characterized by the production of abnormally viscous mucus by the affected glands.
- Hepatitis, which is a disease caused by the hepatitis A, B, or C virus and is characterized by the inflammation of the liver.
- Interstitial lung disease, which is a lung disease that affects the interstitium of the lungs.
- Lymphangioleiomyomatosis, which is a lung disease characterized by an indolent, progressive growth of smooth muscles cells throughout the lungs, pulmonary blood vessels, lymphatics, and pleurae.
- Polycystic liver disease, which is characterized by multiple variable-sized cysts lined by cuboidal epithelium.
- Pulmonary fibrosis, which is a lung disease where the lung tissue becomes thickened, stiff, and scarred due to chronic inflammation.
- Pulmonary hypertension, which is a disease characterized by increased pressure in the pulmonary artery and results in the thickening of the pulmonary arteries and the narrowing of these blood vessels, which causes the right side of the heart to become enlarged.
- Sarcoidosis, which is a disease characterized by the growth of granulomatous lesions that appear in the body.
- Valvular heart disease, which is a disease of the heart valves.

If, while the certificate in force, the Insured is placed on a transplant list for a Major Organ Transplant due to one of the above-identified diseases, we will pay 25% of the Critical Illness benefit. The remainder of the Critical Illness benefit will become payable on the date the surgery occurs. A Major Organ Transplant benefit is not payable if the Major Organ Transplant results from a covered Critical Illness for which a benefit has been paid.

CONTRACT

This Amendment is part of the Policy and Certificate and will terminate when the Policy or Certificate terminates.

Signed for the Company at its Home Office,

Teresa White, President

J. Matthew Loudermilk, Secretary

CONTINENTAL AMERICAN INSURANCE COMPANY

Continuation of Coverage Endorsement

This Endorsement is part of the Policy and Certificate to which it is attached. This Endorsement is subject to all the definitions, terms, and other provisions of the Policy and Certificate to which it is attached, unless those terms are inconsistent with this Endorsement.

EFFECTIVE DATE

If issued at the same time as the Certificate, this Endorsement becomes effective when the Certificate becomes effective. If issued after the Certificate, this Endorsement will have a later Effective Date.

The following provisions are added after the Portability Privilege provision in your Certificate:

CONTINUATION OF COVERAGE

If the Group Policy is terminated by the Policyholder and is not replaced with another group policy you may apply to continue the coverage you had on the Group Policy termination date. This includes any in-force Spouse or Dependent Child coverage. The Group Policy will be continued as if the Group Policy is in force for those who have applied to continue their coverage under this provision. The members will continue to have coverage, with their Certificates remaining in force.

The Company will apply the same benefit and plan provisions as shown in your Certificate on the date you are eligible to continue coverage under this provision. Your continued coverage is subject to all of the provisions, exclusions and limitations of the Group Policy.

To keep your Certificate in force, you must:

- Apply to the Company in writing under this Continuation of Coverage provision within 31 days after the date your Certificate would terminate, **and**
- Pay the required premium no later than 31 days after the date the Certificate would terminate and on each premium due date thereafter to the Company at our Customer Service Center in Columbus, Georgia.

PREMIUMS

Initial premium rates will be based on the rates in effect at the time you apply to continue your coverage. Premium rates can be changed by the Company at any time upon 31 days written notice to you. Any such change will be applied to all Certificates in your class and will not be based on your or your Spouse and Dependent Children's health or other individual factors.

You may decrease, but not increase, the amount of your coverage, and the amount of your Spouse's coverage, if any.

TERMINATION

Your continued coverage, including any in-force Spouse or Dependent Child coverage, will end:

- 31 days after the date you fail to pay any required premium.
- When coverage is terminated by the Company. We will provide you a 31-day advance written notice of any termination.
- On the date you die (unless your Spouse elects to become the Primary Insured under the Successor Insured provision, if applicable).

Once continued coverage is cancelled it cannot be reinstated. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was active.

CONTRACT

This Endorsement is part of the Certificate. It will terminate when:

- The Certificate terminates.

Heart Event Rider To Certificate of Insurance for Group Critical Illness

This Rider is part of the Certificate to which it is attached. We have issued this Rider because:

- You paid the additional premium for this Rider, **and**
- We have accepted your Application.

This Rider is subject to all the definitions, exclusions, limitations, terms, and other provisions of the Certificate to which it is attached, unless those terms are inconsistent with this Rider.

The benefits are available to those Insureds designated in the Certificate Schedule. Treatment must occur while this Rider is in force.

Effective Date

If issued at the same time as the Certificate, this Rider becomes effective when the Certificate becomes effective. If issued after the Certificate, this Rider will have a later Effective Date.

Definitions

When the terms below are used in this Rider, the following definitions will apply (other applicable terms and definitions are included in the **Definitions** section of your Certificate):

Covered Heart Procedure is one of the Category I or Category II procedures defined below:

Category I – Specified Surgeries of the Heart

Specified Surgeries of the Heart (Open Heart Surgery) refers to open chest surgery, where the heart is exposed and/or manipulated for open cardiothoracic situations. We will pay benefits for the following Open Heart Surgery procedures when they are performed as a direct result of one of the following: Acute Coronary Syndrome, Atherosclerosis, Coronary Artery Disease, Cardiomyopathy, or Valvular Heart Disease.

- *Coronary Artery Bypass Surgery* (also *Coronary Artery Bypass Graft Surgery* or *Bypass Surgery*) is a surgical procedure performed to relieve angina and reduce the risk of death from Coronary Artery Disease.
 - *Off-Pump Coronary Artery Bypass (OPCAB)* is a form of bypass surgery that does not stop the heart or use the heart-lung machine.
 - *Coronary Artery Bypass Grafting (CABG)* is used to treat a narrowing of the coronary arteries. A blood vessel is grafted onto the blocked artery, creating a bypass around the blockage. **If more than one artery is blocked, a bypass can be done on each, but only one benefit is payable under this Rider.**
- *Mitral Valve Replacement or Repair* is a surgical procedure in which a patient's mitral valve is repaired or replaced by a different valve.
- *Aortic Valve Replacement or Repair* is a surgical procedure in which a patient's aortic valve is repaired or replaced by a different valve.
- *Surgical Treatment of Abdominal Aortic Aneurysm* involves opening the abdomen and repairing or removing an abdominal aortic aneurysm.

Category II – Invasive Procedures and Techniques of the Heart

We will pay Category II benefits for the following Invasive Procedures and Techniques of the Heart when they are performed as a result of one of the following: Acute Coronary Syndrome, Atherosclerosis, Coronary Artery Disease, Cardiomyopathy, or Valvular Heart Disease.

- **AngioJet Clot Busting** clears blood clots from coronary arteries before angioplasty and stenting. The device delivers a high-pressure saline solution through the artery to the clot, breaking it up and simultaneously drawing it out.
- **Balloon Angioplasty** (or **Balloon Valvuloplasty**) opens a clogged blood vessel. A thin tube is threaded through an artery to the narrowed heart vessel, where a small balloon at its tip is inflated. A balloon opens the narrowing by compressing atherosclerotic plaque against the vessel wall. The balloon is then deflated and removed.
- **Laser Angioplasty** uses a laser tip to burn/break down plaque in the clogged blood vessel.
- **Atherectomy** opens blocked coronary arteries or clears bypass grafts by using a device on the end of a catheter to cut or shave away atherosclerotic plaque.
- **Stent Implantation** is the implantation of a stainless steel mesh coil in a narrowed part of an artery to keep it propped open.
- **Cardiac Catheterization** (also **Heart Catheterization**) is a diagnostic and occasionally therapeutic procedure that allows a comprehensive examination of the heart and surrounding blood vessels.
- **Automatic Implantable** (or **Internal**) **Cardioverter Defibrillator (AICD)** refers to the initial placement of the AICD. AICDs are used for treating irregular heartbeats. The defibrillator is surgically placed inside the patient's chest where it monitors the heart's rhythm. When it identifies a serious arrhythmia, it produces an electrical shock to disrupt the arrhythmia.
- **Pacemaker Placement** refers to the initial placement/implantation of a pacemaker, which sends electrical signals to make the heart beat when a person's natural pacemaker is not working properly. This electrical device is placed under the skin. A lead extends from the device to the right side of the heart. Most pacemakers are used to correct a slow heart rate.

Valvular Heart Disease is a disease characterized by damage to or a defect in one of the four heart valves.

Benefit Provisions

We will pay the applicable Category I or Category II benefit shown if an Insured is treated with one of the Covered Heart Procedures listed on the Rider Schedule which is caused by a defined underlying disease, and:

- Treatment is incurred while this Rider is in force,
- Treatment is recommended by a Doctor, **and**
- It is not excluded by name or specific description in this Rider.

We will only pay for procedures specifically listed in this Rider.

Category I – Specified Surgeries of the Heart

You are eligible to receive one payment per calendar year for Category I procedures. We will pay a Category I benefit when an Insured has one of the Specified Surgeries of the Heart listed in the Rider Schedule that is a result of a defined underlying disease. Only one benefit will be payable under Category I when multiple Category I procedures are performed at the same time.

Category II – Invasive Procedures and Techniques of the Heart

You are eligible to receive one payment per calendar year for Category II procedures. We will pay a Category II benefit when an Insured has one of the Invasive Procedures and Techniques of the Heart listed in this Rider that is a result of a defined underlying disease. Only one benefit will be payable under Category II when multiple Category II procedures are performed at the same time.

If Category I and Category II procedures are performed at the same time, benefits will be payable only at the highest benefit level and will not exceed the applicable face amount shown on the Rider Schedule.

General Provisions

Time Limit on Certain Defenses

After two years from the Insured's Effective Date of coverage, the Company may not void coverage or deny a claim for any loss because of misstatements made on the Application. This does not apply to fraudulent misstatements.

Contract

This Rider is part of the Critical Illness Certificate. It will terminate when:

- That Certificate terminates, **or**
- Premiums are no longer paid for this Rider.

This Rider is subject to all of the terms of the Critical Illness Certificate to which it is attached unless those terms are inconsistent with this Rider.

Signed for the Company at its Home Office,

Paul S. Amos II, President

NOTICE OF PROTECTION PROVIDED BY THE INDIANA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This Notice provides a brief summary of the Indiana Life and Health Insurance Guaranty Association ("ILHIGA") and the protection it provides for policyholders. This safety net was created under Indiana law, which determines who and what is covered and the amounts of coverage.

ILHIGA was established to provide protection to policyholders in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its insurance department. If this should happen, ILHIGA will typically arrange to continue coverage and pay claims, in accordance with Indiana law, with funding from assessments paid by other insurance companies. (For the purposes of this Notice, the terms "insurance company" and "insurer" mean and include health maintenance organizations ("HMOs")).

Basic Protections Currently Provided by ILHIGA

Generally, an individual is covered by ILHIGA if the insurer was a member of ILHIGA and the individual lives in Indiana at the time the insurer is ordered into liquidation with a finding of insolvency. The coverage limits below apply only for companies placed in rehabilitation or liquidation on or after July 1, 2018. The benefits that ILHIGA is obligated to cover are not to exceed the lesser of (a) the contractual obligations for which the member insurer is liable or would have been liable if the member insurer were not an insolvent insurer, or (b) the limits indicated below:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in net cash surrender or net cash withdrawal values.

Health Insurance

- \$500,000 for health plan benefits (see definition below)
- \$300,000 in disability income and long-term care insurance benefits
- \$100,000 in other types of health insurance benefits

Annuities

- \$250,000 in present value of annuity benefits (including cash surrender or withdrawal values)

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$300,000. Special rules may apply with regard to health benefit plans and covered unallocated annuities.

"Health benefit plan" is defined in IC 27-8-8-2(o), and generally includes hospital or medical expense policies, certificates, HMO subscriber contracts or certificates or other similar health contracts that provide comprehensive forms of coverage for hospitalization or medical services, but excludes policies that provide coverages for limited benefits (such as accident-only, credit, dental-only or vision-only insurance), Medicare Supplement insurance, disability income insurance and long-term care insurance.

The protections listed above apply only to the extent that benefits are payable under covered policy(s). In no event will the ILHIGA provide benefits greater than the contractual obligations in the life, annuity or health insurance policy or contract. The statutory limits on ILHIGA coverage have changed over the years and coverage in prior years may not be the same as that set forth in this Notice.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or variable annuity contract.

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity to which it relates.

To learn more about the protections provided by ILHIGA, please visit the ILHIGA website at www.inlifega.org or contact:

Indiana Life & Health Insurance
Guaranty Association
3502 Woodview Trace Suite 100
Indianapolis, IN 46268
317-636-8204

Indiana Department of Insurance
311 W. Washington Street, Suite 103
Indianapolis IN 46204
317-232-2385

The policy or contract that this Notice accompanies might not be fully covered by ILHIGA and even if coverage is currently provided, coverage is (a) subject to substantial limitations and exclusions (some of which are described above), (b) generally conditioned on continued residence in Indiana, and (c) subject to possible change as a result of future amendments to Indiana law and court decisions.

Complaints to allege a violation of any provision of the Indiana Life and Health Insurance Guaranty Association Act must be filed with the Indiana Department of Insurance, 311 W. Washington Street, Suite 103, Indianapolis, IN 46204; (telephone) 317-232-2385.

Insurance companies and agents are not allowed by Indiana law to use the existence of ILHIGA or its coverage to encourage you to purchase any form of insurance or HMO coverage. (IC 27-8-8-18(a)). When selecting an insurance company, you should not rely on ILHIGA coverage. If there is any inconsistency between this Notice and Indiana law, Indiana law will control.

Questions regarding the financial condition of a company or your life, health insurance policy or annuity should be directed to your insurance company or agent.
